ALEXANDER TINGEY

WEB DEVELOPER

(719) 320 3391/   alextingey1@gmail.com/   www.AlexanderTingey.com/   /in/alexander-tingey/

PROFILE

I am a Full-Stack Developer seeking a full-time position where I can apply my knowledge and skills for continuous improvement. I am also an Adrenaline Junkie and when I'm not programming you can find me on the side of a mountain, rock climbing or mountain biking, or on the rapids trying not to flip.

SKILLS

PROJECTS

THE NON PROFIT
TheNonProfit40.org
- A full stack website for a future non profit using react node and postgres

DATE IDEA GENERATOR
dategen.io
- A full stack web application that utilizes react, redux, sass, and other technologies to generate dates based off your location to create the perfect date.

MY PORTFOLIO
AlexanderTingey.com
- An entirely built from scratch portfolio showcasing my front end skills as well as everything I've learned and worked on

EDUCATION

DEV MOUNTAIN
